The walnut trees on the parking in front of Payne's Apartments were discussed. The trees are a nuisance and are ruining the street. After checking the ordinance it was noted that removal of the trees is the owners responsibility.

Frier reported that the street maintenance workshop in Ames offered a lot of information on sealcoat worth looking into. He also stated that the heat houser for the tractor had arrived.

It was reported that a trailer parked on a private lot was again being occupied and was illegally hooked up to the sewer. Kruse will check on this with Don Kliebenstein on this.

Lutes and Zern were appointed to speak to Gene Blythe about the road that is caving in around the south intake on Wilhelm Street across from the Senior Citizens Apt. They are also to ask him if he is finished with the dirt work in the park area of the Blythe Addition.

Motion to adjourn by Zern. Second by Moler. Carried.
