

APPLYING FOR A BUILDING PERMIT

REQUIREMENTS:

- Complete application in full and return. Incomplete applications will be returned to applicant for remainder of information needed.
- Site Drawing must be complete with measurements.
- Payment of Permit fee.
- Applications will be reviewed as soon as possible, however, construction cannot start until a permit has been issued.
- Construction must be the measurements listed on the application. Any variations of dimensions without additional approval will invalidate the permit.
- The applicant must adhere to all City of Conrad Code of Ordinances and State Law regulating building construction.
- This permit becomes null and void 2 years after issuance. If work is begun within 180 days of issuance or after 180 of issuance if no substantial beginning of construction has occurred. Extensions of time may be granted in writing by the Zoning/Building Administrator.
