

June 20, 2012

The Conrad City Council met in special session on 06/20/12 in the Library Meeting Room. Officials present were Council Members Peg Brown, Ryan Callaway, Brad Murty, Todd Schnathorst and Gary Stattler. Mayor Jeff Martin called the meeting to order at 6:00 pm.

Council member Callaway moved, second by Brown, to allow Ritchie Industries, at their own expense, to install a storm sewer intake on the east side of their building in the alleyway, and to tap into the storm sewer on the west side of the Presbyterian Church. Ayes: 5.

Council member Todd Schnathorst led the group through a goal setting session. They discussed the top five capital projects and how to finance each project. A lead person was also selected for each project. Council will include an "update" item each month on the agenda and will hold a special work session again if the need arises

With no further business the meeting was adjourned at 7:30 PM.

Jeff Martin, Mayor

Denise L. Hoy, Clerk/Administrator
